RE: PROCESS FOR IMPROVING TOBACCO
USSN 004626 filed 19 January 1979/PM 848

Dear Terri:

Enclosed is a copy of the first Office Action for the above-named application. The wording and basis of rejection is almost identical to the other applications.

Please review the Action and prepare an appropriate response allowing adequate time for the inventors to review prior to filing.

Thanks for your assistance.

Very truly yours,

Susan A. Hutcheson
